

IT'S TIME FOR THE ANNUAL FUND DRIVE

Dear Members & Friends.

Once again it is time for our Annual Fund Drive. As many of you know all too well, these are hard economic times for individuals, families, the private sector as well as nonprofit organizations like ours.

The Frederica Senior Center was founded to combat the geographical isolation of seniors in rural areas by assisting them with various services. With rising costs it becomes increasingly difficult to fulfill our mission to serve the seniors in our surrounding areas.

Because of all this, we are trying to cut costs any way we can. We DO NOT want to reduce or eliminate any of our services or activities you all as members have come to enjoy. With this in mind, we would ask each one of you to consider making a donation during this Fund Drive to help meet the needs of the day to day operations of the Center. Your contributions will help the Center sustain all the crucial services and activities provided to seniors including and to keep the facility in excellent condition. Please be as generous as you can be to make this Annual Fund Drive a success for everyone in the Center.

Thank You for Your support.

Respectfully Yours,
Wilbur Jones
President
